SHAPE IT YOUR WAY:

Custom Heights available or
Upgrade to Decorative Capitals or Attic Bases

SPLIT COLUMNS FOR PILASTER!

Split in in half for Pilasters against a wall
Note: Spiral thickness varies per diameter, drawing not to scale
Rotation Length every 350mm (13-3/4”)

* All are designed as decorative items only. For load bearing applications request load bearing wood or use a metal post and wrap with Split column facade - you will loose the thickness of the saw blade when columns are split

* All specifications subject to change without notice, Measurements are approximate & Final Product may vary from this brochure
